The Teachers Home

The Teacher's Home

Eren always knew what he wanted in man and that man was Levi Ackerman, but sadly that was never going to happen since Levi was his teacher.

>Eren still loved him though no matter what he was! When in class Levi would speak and the seriousness in his voice would make Eren shiver with joy.
Every movement that Levi took he would follow. Very soon everything became obvious to the teacher and they had to have a serious talk one night after school.

>"Mum, Teacher Levi needs me to visit him um... I'm not doing very well with my English!" he said even though it was a lie and that he couldn't take back.
"Okay sweetie, be back home as soon as possible!"

>"I will."
Eren walked out of their small house and slammed the door behind him and ran to the address given to him on this piece of paper. When he soon got to the door he started to tremble with nervousness. As he reached out to knock but the door opened, Levi had been waiting. Levi was normally the fancy person yet there he was standing in grey baggy joggers and an off the shoulder jumper. Eren stared, he was surprised by what he saw.

>Levi gave him a sign to come in. His love was growing stronger he was so close to Levi he couldn't help but biting him on the lip all the time. The sight of Levi made butterflies in his belly.<p>

Levi put his arm around Eren he was confused but loved the presence of the man he loved so much! Levi cupped his hands around Eren's jaw line and reached closer in for a kiss on the lips. Eren loved the sensation on Levi's lips but he was so confused with what was going on.

>"Stand up Eren!" Eren obeyed Levi and he pushed him away and lay down

windowsill with their lips still connected Levi placed Eren on the windowsill and started to kiss him passionately.
Eren couldn't stop himself from joining in. He jumped off the windowsill and placed Levi on there instead. He pulled Levi's jumper off and started to kiss his body "ahh..Eren!" he moaned at the feeling "Teacher, why...why you doing this!" "You're making me go more crazy I'm gonna fall in love with you more and more!" Eren explained "Eren..ahh..I love you too even if your 18 and im..ahh...29!"
>After hearing that he started to move up to the neck and suck on the skin to make little red marks. Hearing Levi moan made him all happy.<p>

Levi jumped off the windowsill and gripped Eren by the wrist and pulled him to the bedroom. Levi pushed Eren against the bed, sat on his lap and began to kiss him like there was no tomorrow. He gripped Eren's school shirt and un-tied the buttons. Levi kissed Eren from the jaw line all the way down his stomach. "Ahhh...ahh... !" Eren moaned Eren pushed Levi off then sat on his lap he did the same to Levi but Levi knew this was wrong for them to do this but he couldn't it help Eren's moans they were too breath taking.
>They made Levi feel happy because Eren wanted to do this.<p>

They kept kissing till the break of dawn but realized they needed sleep. Saliva covered the sheets on the bed from the french kisses that proceeded.

>"Eren grab that quilt we need sleep"
"But...Levi i want to continue!" "Eren we can't...this is wrong for us to do this!"
>"I DONT CARE!" said Eren in a demanding tone which caught Levi by shock "Baby, we need sleep okay!"
Eren lazily got up from the bed and slid the quilt onto them both. Eren nuzzled up to Levi with his face in his chest. Levi could feel his breath painting his chest the sensation was amazing.

Morning light shone through the window and Eren remembered he had to be home his mum must be worried grabbed his shirt and buttoned the buttons and ran through the hallway seeing Levi sat drinking coffee "Levi i got to go my mum must be worried sick!" "I was meant to be home last night!" Eren explained Levi got up and pecked Eren's neck leaving bright red marks that would stay " I love you Eren!"

>"I love you to Levi!"
"Maybe we could resume this night some other time!" said Levi passionately "I'll see you at school on Monday!"

>Eren reached out closer to join in a long kiss but then Eren couldn't stop "Baby, you gotta go."
"Just a little longer... Teacher!" Eren smirked by the way he spoke to Levi trying to tease him.

Levi pushed Eren against the wall and began to kiss him non-stop Eren moaned "Ahhh Levi" He rolled his tongue when he said Levi which left Levi going crazy, he realized how much he loved him and didn't want to lose him.

>And it was the same for Eren.<p>

Chapter 2

Monday came around. Levi stood in front of the class but kept his eyes staring at Eren as he was teaching.

>Eren gazed back and bit his lip, Levi caught him and gave a quick smirk before saying "Tests!" "We are going to be doing an english test"
Eren sighed but he loved English and maybe this was for a

were handed out and as Levi approached Eren's table he gave his paper and brushed his hand against his shoulder which made Eren shiver, his touch was so soft it was like a cotton candy cloud.

>"You have 40mins start... Now!"
Eren stared at his paper in frustration he looked over to the side of where Armin was and realized he had a different paper to his...it was much harder he was so confused he looked in front of him everyone had the same paper apart from him "Eren!"

>He snapped back to the front of the class with Levi giving him a teasing glare "Stop looking at everyone's papers."
"I-I'm sorry teacher..."

>Eren started back at his paper he knew why Levi was doing this so he would fail and get detention he didn't really mind the thought of going to his house again.
The 40mins went much quicker than expected the papers were handed in once Levi said your name you could leave for break the only name not called was Eren's.

>Levi gave a cheeky smirk to the boy in front of him and said "Detention at my place at 6pm tonight"
Eren walked around the back of Levi's desk and gave him a quick peck on the cheek and sucked on his neck then left like nothing happened.

>6pm rolled around and he had to go back to his house yet he knew what was gonna happen he walked to Levi's house and opened the door to Levi standing there waiting.
Eren walked up to him and gave Levi a passionate kiss, Levi pushed Eren against a clean, white wall and took his top off "You did bad on your test Eren you ready for your punishment?" said Levi with a smirk "I'm sorry... Teacher" said Eren teasing Levi Eren unbuttoned Levi's shirt and kissed his bare chest.

>Levi turned to grab Eren's arm and took him to the bedroom and undid his zipper. Levi tugged Eren's trousers down that revealed a throbbing member. Eren sat up and undid Levi's trousers and pulled them down. Levi pushed him downwards onto the bed in a straddle while still connected.
Levi licked Eren's bottom lip to ask for entrance into his mouth Eren opened his mouth letting Levi's tongue explore his mouth.

>"ahh..L-Levi" Eren moaned into the kiss that proceeded. Levi pulled away and stuck his fingers in Eren's mouth "Suck them" said Levi Eren obeyed and sucked till saliva covered the fingers. Levi pushed them against Eren's entrance and pushed one finger in then two then three and waited for Eren to adjust Eren moaned at the pain and took a fistful of the bedsheets and screamed in pleasure. Levi pushed in and out and moans filled his ears. Levi pulled out and put his member and grabbed the lube from the small table he covered his member and then put it to Eren's entrance. He pushed in as he heard a loud moan from the boy underneath him.
"L-Levi start...m-moving" said Eren between breaths, Levi pushed in and out Eren screamed at the lovely feeling that filled him.

>"Levi.. I-I'm gonna c-cum" said Eren "Me too" explained Levi Levi thrust into Eren three more times before they both came in sync Levi pulled out of Eren and collapsed onto his chest.
Levi sank next to him on the bed and snuggled up to Eren's chest. They both fell asleep quite quickly.

>The morning sun shone onto Eren's naked chest he sighed and shouted Levi.
Levi rushed through to the room and said "What's wrong Eren?"

>"What are we?" said Eren "Boyfriends? Lovers?" said Levi "I like the sound of boyfriends!" said Eren with a grin he then got up and hugged Levi and whispered to him "I need to tell her!"
"What?" asked Levi "I need to tell my mum I'm dating she will be happy I promise and if not I'll make her!"

>"Okay baby but be careful"
Eren set off ready to tell his mum.
The most important girl in his life. He walked into the door and
shouted "Mum we need to talk!"
>"Yes sweetie?" she questioned Eren signaled for her to sit down so
she did next to her boy "Mum im dating someone" said Eren "Is she
nice?" she asked "Actually its a guy.." said Eren hoping his mum
would understand "Oh.. thats okay sweetie who is it?" she asked "Well

"Your teacher?" she asked once more "Well yeah" said
Eren as his head bobbed down and stared at floor "Well that's okay
sweetie I will support you no matter what or who your dating aslong
as they treat you right!" she explained "He treats me amazingly good
he is kind and I love him with my heart"
>After having that talk Eren felt much better he headed back to
Levi's house and told him the good news they snuggled up to each
others necks at the grand news and shared a few passionate was like a
